**▲ MORPHOSE
BY METCHANUN SUENILPONG
FOR KENKOON**

Kenkoon's angular folding lounger, with its stainless-steel frame and covering of Textilene synthetic mesh, earns high marks for lightness and mobility. Morphose comes in four classic colours guaranteed not to clash with the surroundings: white, black, grey and beige.

**▲ REST
BY HARRY&CAMILA
FOR KRISTALIA**

Stackable outdoor furniture ideal for poolside or garden parties, Kristalia's Rest collection combines epoxy-lacquered aluminium frames with seating that features 'polyester rope' or 'interlaced straps'. Available in beige, brown, anthracite grey and black or in a combination of colours.

**▲ ZULU MAMA
BY HALDANE MARTIN**

The designer calls his chair 'an integration of South Africa's first- and third-world realities'. He's adapted a Zulu basket-weaving technique to weave recycled, UV-stable HDPE onto CNC-bent, recycled stainless-steel frames. The weaving work involved contributes to the economic empowerment of partially disabled workers and township women in South Africa.

**► HARBOR
BY LOLL DESIGNS WITH
STUDIO MURMUR
FOR LOLL DESIGNS**

Smaller outdoor spaces, such as balconies and patios, are perfect for Loll Designs' Harbor chair, which is made from 100% recycled and recyclable HDPE (high-density polyethylene). An angled backrest and comfy contours make Harbor ideal for all-day lounging.

**▲ LAZY YACHT
BY SERRALUNGA**

The designers describe their line of deckchairs and loungers as harmonious 'minimal chic' seating that promises to enhance any outdoor environment. Anodized-aluminium frames and Batyline seats make Lazy Yacht completely waterproof. Available in different sizes and colours.

**► DIEGO 1
BY SABRINA VAN DONGEN
FOR DMC HAARLEM**

Effortlessly suspended between two stainless-steel frames that lend it full support, the thickly upholstered seat of Diego 1 waits to cradle its user, who can choose from 16 weatherproof fabrics. The dimensions of this perfect cube are 74 x 74 x 74 cm.
